

How you can help

Corporate:

Giving is Good Business - Invest in the future of your community by enriching the lives of your neighbors. Companies that champion Family & Children's programs and services:

- Enhance and strengthen the company's image and commitment to the community
- Create a positive impact on employee morale and stronger employee commitment
- Improve the quality of life within the community

Donations of Goods & Services:

Family & Children's welcomes the donation of most goods and services which can be used by our programs. Organize a collection drive by asking people to donate items that will help the individuals, families, children, seniors and veterans in our various programs.

- Adopt a family/individual or program – please visit:

- Good Search - <http://www.goodsearch.com/>

- Karma411
- Matching Gifts Program

Sponsorship Opportunities:

Family & Children's offers sponsorship opportunities in several areas of our organization including special events, special projects and program support.

Depending on the level of commitment, we can take your corporate message and integrate it into our mailings, newsletters and website. For each event, we conduct public relations campaigns, media outreach and marketing initiatives – all of which will feature your corporate identity, providing your organization with visibility and recognition. Your name and logo will become synonymous with helping your neighbors and that's good business.

Special Events:

To enhance our fundraising efforts, Family & Children's organizes several special events throughout the year. We welcome your support by helping to underwrite their various costs. Our annual events include a golf and tennis tournament, a volunteer appreciation breakfast, a scholarship fund dinner, and our ThanksGiving Holiday Ball. Each event is unique and reaches a wide constituency.

Special Projects:

Your organization can underwrite a variety of special projects that Family and Children's can use for marketing and promotional purposes. The projects would also allow your organization to receive proper recognition for your support.

Program Support:

You can sponsor a program by underwriting its various needs allowing it to continue its day-to-day operation. Your financial support can take the form of an outright grant; in-kind giving such as gift cards for food and clothing; or sponsorship of special events. You can elect to work with young children, teenagers, adults or seniors. Your sponsorship can be a long-term or short-term commitment; choose the program that most closely matches your corporate goals and objectives.

Volunteer Opportunities:

Companies can demonstrate their corporate citizenship, and build employee morale and solidarity by donating their time and talents through employee volunteer workday projects involving our programs and facilities.

- Spruce up facility grounds by planting flowers, cleaning the grounds, painting facility spaces or residences
- Sponsorship of a special event involving our programs: summer carnival, winter carnival, holiday parties

- Your employees can interact with our children through our Promise Project, Summer Camp Program, and the Hagedorn Family Resource Center (reading, arts and crafts, a day trip, a day of shopping, demonstration/instruction)
- Companies can choose to underwrite activities by providing the necessary supplies for the projects, t-shirts for their employees and other possible participants, other promotional items may also be used, ie: water bottles, baseball caps, as well as snacks and beverages
- Corporations will receive recognition in our monthly e-newsletter, "Family News"
